New & Expectant Parents Ministry

Shepherds of Prayer

Expecting a baby and having a newborn is truly a special and precious time. It can be a time of anxiety as well as joy. The Shepherds of Prayer Ministry is comprised of a group of prayer focused women who meet monthly to pray for the expectant family and child throughout the pregnancy or adoption. We hope to be able to care for the special needs of expectant mothers and their families through the power of prayer.

Nursery Orientation

Leaving a child in the nursery for the first time can be difficult. We want to make the nursery experience a happy one for both you and your child.

Please feel free to come by or schedule an appointment to tour the nursery so that you can:

- ◆ Become familiar with the nursery facilities
- ◆ Be introduced to our nursery workers and regular volunteers
- ◆ Have any nursery procedures explained to you
- ◆ Become familiar with our security tag system

Meal Coordination

Cooking is often the last thing for which new parents have time and energy. To help you with meals, a Meal Coordinator will be assigned to you that will:

- ◆ Arrange meals for families who may have special needs during pregnancy
- ◆ Coordinate the preparation of meals for you after your child arrives (generally a few per week for a couple of weeks)
